

I am currently enrolled in Online Banking. How do I use the New Online Banking?

(Once you switch to the new version, do not go back to the Flash Version)

- Go to www.duboispike.org
- Click on the **Online Banking** button
- Click on the **NEW Online Banking** button
- Enter your account number
- When you try to put a password in, it will prompt you to:
 - Enter your phone number to receive text or voice call authorization, and select **REQUEST PIN**. (If authorization fails, call or email the credit union to make sure we have your correct phone number on file.)
 - Enter the PIN you receive to authorize the device for one-time or permanent use and hit **OK**
- You will then be directed back to the login screen.
 - Enter your account number and password then click **Sign In**.
