

Stronger Together for Dubois County Students!

This year, Hoosier Hills Credit Union and Dubois-Pike Federal Credit Union are partnering on a Back-to-School Supplies Drive to create an even greater impact for local youth. Donations collected through this partnership will support Mentors for Youth, helping provide school supplies to students throughout Dubois County so they can begin the school year prepared and ready to succeed. When credit unions collaborate, communities win. Join us in supporting local students by donating school supplies between June 22 - July 17. Together, we can help build brighter futures for the next generation.

Federal vs. Private Student Loans: Setting the Record Straight

Student loans have been getting a bad rap, thanks to federal loan program changes. We want to make sure our members know the difference – and that private student loans are still a strong option.

With upcoming changes to federal student loan programs, student debt has become a familiar headline. But there is a crucial point to note: not all student loans are created equal. private student loans operate under a completely different model.

Unlike federal lending programs, private student loans are underwritten with risk management and repayment ability in mind. Borrowers are evaluated based on creditworthiness, income, other debts, enrollment status, and often the support of a qualified co-signer. As a result, private student loan borrowers generally exhibit strong repayment behavior and lower delinquency rates compared with federal student loans.
